Newsupdates, Activities & Advocacy

- The Meghalaya Right to Information Movement has been working towards the Act's

effective implementation in the State. Their [activities](#) and efforts over the past few

months reveal that though the State Government has taken a number of measures to

implement the Act, there are a number of practical difficulties being faced by applicants for

example, non-assumption of office of the Chief Information Commissioner, appointment of a

single Information Commissioner, unavailability of PIOs in the office etc. For more information

on the Meghalaya Right to Information Movement, please contact
